The authors regret omitting elements in their acknowledgements, which should read as below.

Acknowledgments

This research was made possible using the data/ biospecimens collected by the Canadian Longitudinal Study on Aging (CLSA). Funding for the Canadian Longitudinal Study on Aging (CLSA) is provided by the Government of Canada through the Canadian Institutes of Health Research (CIHR) under grant reference: LSA 94473 and the Canada Foundation for Innovation, as well as the following provinces: Newfoundland, Nova Scotia, Quebec, Ontario, Manitoba, Alberta, and

British Columbia. This research has been conducted using the CLSA comprehensive baseline dataset version 4.1, tracking baseline dataset version 3.5, comprehensive follow-up dataset version 3.0, tracking follow-up dataset version 2.1, under application number 2002007. The CLSA is led by Drs. Parminder Raina, Christina Wolfson and Susan Kirkland. The opinions expressed in this manuscript are the author's own and do not reflect the views of the Canadian Longitudinal Study on Aging. Molly Gallibois was the recipient of a CLSA Data Access Trainee Fee Waiver.
